

**RECREATION
& WELLBEING**
UNIVERSITY OF WISCONSIN-MADISON

FUSION INSTALL GUIDE

Install Fusion Software

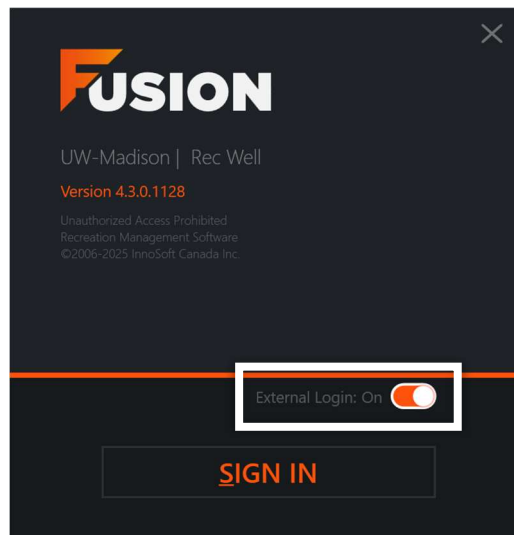

- This download must take place on a Rec Well device connected to wireless-Rec Well Wi-Fi or plugged into a hardwired docking station.
- Only system administrators are authorized to download software. If you are unable to download Fusion and/or the links, you will need to contact DoIT to become a system administrator on the device.
- You do not need to do the prerequisites in orange. Just click the green START button and let it run the install on your computer.

Install Link

<https://uwiscmadclick.innosoftfusion.com/FusionSetup.aspx>

Login Credentials

- Once downloaded, use the External Login option (see below). This will redirect you to login using your NetID and DUO Two-Factor Authentication.
- Your account access will be predetermined based on your position. Adjustments to access levels can be directed towards the Assistant Director of Member Services.

RESOURCES

Below are links to the Fusion Course Catalog and Knowledge Base. These are also available on the Professional Staff Resources website under the "General" category. If you are interested in a Fusion Knowledge Base account, please submit your request via email to the Assistant Director of Member Services.
